Front End Web Developer

[Github.com/](https://github.com/TonyRuQusSCarbetta)

[TonyRuQusSCarbetta](https://github.com/TonyRuQusSCarbetta)

From creating my Myspace layout as a teenage rapper (yeah I gave that up) lol to building complex websites and apps as an adult. I enjoy solving problems & keeping up with being addicted to web development!

EXPERIENCE

Codify, San Francisco, CA- *Web Developer Intern*
2018-PRESENT

Working everyday with Senior developers, colleagues, & team members.

Pushing, branching, & cloning projects daily on Github.

Debugging and assisting other Jr Developer's projects.

Sharpening my current professional skills while developing new skills and learning new Frameworks.

Carbetta Coding, San Francisco, CA- *Web Developer*
2017-PRESENT

Launch visually appealing, user-interactive (UI) responsive sites/apps to optimize user experience (UX)

Take PSD designs and make them responsive web page/apps.

Regularly keep up with site maintenance, as projects are being completed and updated.

Create a positive customer service experience.

Sears, San Bruno CA- *Appliance Commission Sales*
2010-2017

Sold over 1.2 Million dollars in 2015 alone!

Sell large kitchen appliances and washer/dryers with warranties, installation and solutions to clients.
